Education

College of Engineering, Trivandrum

2023 – 2027

B.Tech - Computer Science and Engineering

GPA - 8.10

Experience

UI/UX Designer | Promote-Hoomans Project

June 2025

- Designed the Promote dashboard (promote.makemypass.com) as part of the Hoomans Project, enabling seamless event promotion via social media templates, while improving usability by reducing navigation steps by 30% and increasing user engagement by 45%.

Featured Projects

Interactive Portfolio AI – Sofy | Tech Stack: Next.js, FastAPI

Mar 2026

- Developed an AI-powered portfolio application leveraging RAG (Retrieval-Augmented Generation) with Gemini and ChromaDB, enabling real-time conversational interaction with 5+ core features including semantic search, contextual Q&A, streaming responses (SSE), vector retrieval, and API integration, resulting in accurate, personalized, and non-hallucinated responses.
- Implemented a scalable full-stack architecture using Next.js frontend and FastAPI backend with 2+ integrated services (Gemini API, ChromaDB), achieving efficient context retrieval, optimized response generation, and seamless user experience deployed via Vercel and Render.

Internet of Things | Language : C/C++, Python

Feb 2025

- Developed a gesture-controlled mouse for PC using ESP32 and MPU6050 sensor, achieving 90%+ accuracy in motion-to-pointer translation.
- Implemented a real-time water and energy monitoring system using YF-S201 flow sensor, ACS712 current sensor, ZMPT101B voltage sensor, and ESP32, enabling remote tracking of water flow rate, energy consumption, and electrical parameters via a web-based IoT platform.

Positions of Responsibility

- Vice Chairperson of SCORE@CET, official research club of College of Engineering Trivandrum. Coordinating research-driven initiatives and hands-on workshops, collaborating with 50+ members.
- Joint Secretary of Build Club CET (IIT Madras Research Park initiative), supporting 8+ technical projects across domains.
- Freelance UI/UX Designer at Flink and Nodify, delivering end-to-end design solutions across 5+ client projects, designing 40+ screens and user flows through research, wireframing, and high-fidelity UI, resulting in improved usability and client satisfaction.
- Designer for RASHOMON (Official College Magazine, 2023–24) and PROJECT OCTAGON (First Technical Magazine of CET), leading visual design for 2 large-scale publications with 100+ pages, establishing typography systems, layouts, and print-ready assets.

Technical Skills

Languages : Python, C/C++, JavaScript, Java, SQL

Technologies/Frameworks : HTML5, CSS3, Javascript, React

Tools : VS Code, Figma, Photoshop, Illustrator
